Every Store should appear in the Directory and the Directory should appear in Every Store. Besides its use to the stockbroker, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Your City Directory is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identical on all. On, on, on. On, on, on. Railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so, ad infinitum.

Every Store should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standardized whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Should Be Trade-Marked

Contact us with others who are broadened
and the greatest. The interchange of ideas and ideals, made possible by telephone contacts,
are the factors in the refinement of a service or a product, and the help that service
or product attain a high degree of perfection. This is the principle followed by the
Association of North American Directory Publishers.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Should Be Trade-Marked

By our contacts with you, our ideas are broadened and fortified. This is achieved by the exchange of ideas with other directory publishers. The result is a directory which is the greatest factor in the refinement of a service or product. This is the office of perfection. This is the office performed by the Association of North American Directory Publishers.

Good Business Insurance

Your advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active 365 days of the year—let it serve you as it does others.

IF the policyholder is to get the security for which he pays, the company issuing his policy must have the reserve strength necessary to meet all contingencies.

With assets practically twice liabilities, the companies of the *FIREMAN'S FUND GROUP* guarantee this strength.

★ Locating Missing Heirs Finding Lost Persons

This is only one of the many offices that the modern directory successfully fills.

The directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Make More Use of Your City Directory! ! !

FOR RESPONSIBLE REALTY SERVICE, DEAL WITH A MEMBER OF THE

Oakland Real Estate Board

“THE REALTOR”

A Realtor is a licensed real estate broker whose ability and integrity are vouched for by the professional organization of his craft, and whose record of business conduct has brought him membership in a Realty Board of recognized standing.

He is pledged to observance of a code of business ethics imposed by the National Association of Real Estate Boards which alone has legal authority to confer the professional title “Realtor” and to withdraw it for cause.

In this city, only realty brokers who hold membership in the Oakland Real Estate Board may enjoy the prestige the term implies. The Board admits to membership only brokers of approved reputation and it stands always ready to protect and defend the integrity of conduct involved in the practice of the realty business.

The Real Estate Board exists for the maintenance of the realty business upon a plane of responsibility and trustworthiness and of professional prestige, and to safeguard and promote the welfare of real estate and realty ownership interests.

The Realtor recognizes his responsibility to the Real Estate Board for the benefits derived from it to himself and his clients and the business he serves, and is proud of the fact that he shares the burdens of that responsibility.

By his alliance with leaders of his craft in Real Estate Board activity, and by conforming to its standards of business conduct, the Realtor identifies himself with that professional group which, in every city, exemplifies the best and most competent and most trustworthy elements in the realty business.

PAY NO MONEY in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. How to Make Application for Water Service

When moving into a new house the first requirement necessary is Water Service.

It is no trouble to get this service. You may come to any one of the District's four business offices, as shown below, and personally sign for meter connection — you may write your request for water — or if, in the confusion of moving, it is not convenient to write or call, a telephone message will bring a service man to you at your home.

It is the desire of the District to make it easy and convenient for you to get water service. All business offices are instructed to comply promptly with every reasonable request.

If you are a newcomer to this community you will be asked to make a deposit which may be returned to you after one year with interest at 6%.

The East Bay Municipal Utility District is anxious to serve you in every possible way, and the development of this broad policy of handling orders is part of the service to you.

Your City Directory is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Billingsham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

 Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old directory, or no directory at all, fails to show its patrons a courtesy they will find elsewhere.

The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.
